HOW IT WORKS

ICO technology made it much easier for projects to get funds- much quicker, much cheaper, and with no loss of control over the project. But **it still takes money to make money**, and a successful ICO itself requires significant funds to embark on.

ICOS offers promising but underfunded projects **practical guidelines and tools** which they can use to conduct their own ICOs at minimum cost in exchange for a set number of their future tokens placed on ICOBox platform.

STAGE 1.

ICOS ICO.

Clients buy ICOBox project's ICOS tokens.

August 15 -
September 15

STAGE 2.

Selection of projects

ICOBox does the initial screening, and token holders vote for the best prospects.

Weekly

STAGE 3.

Projects' ICOs.

Selected projects conduct their own ICOs with ICOBox tools.

While the raised funds last

STAGE 4.

Projects' tokens.

A set number of each project's tokens gets placed on ICOS platform

Day of the project's presale start

STAGE 5.

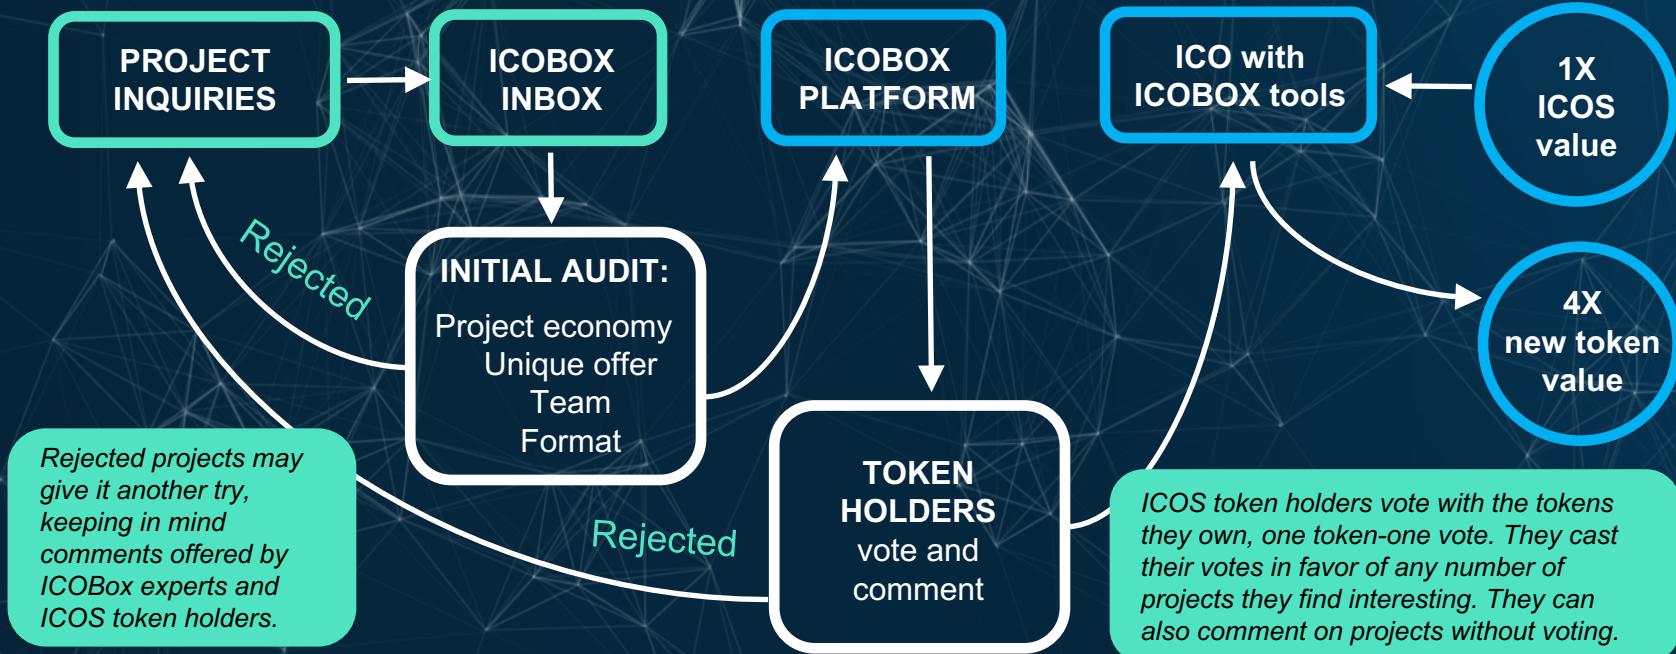

Selection of tokens.

ICOS token holders select new tokens and acquire them in exchange for ICOS tokens.
